UTHSCSA Guest Access

Acceptable Use Policy

Please read the Acceptable Use Policy.

University information systems is a privilege and not a right; therefore, use can be monitored to ensure compliance with applicable local, State, and Federal laws and regulations and with the University's Handbook of Operating Procedures. Computer users have no expectation of privacy, and abuse detected during monitoring may result in disciplinary actions.

Use of systems must not result in copyright infringement, loss of credibility for the University, personal monetary gain, or incur costs to or legal liabilities against the University. The storage, display, or transfer of objectionable material is prohibited, as are any activities which can affect the proper operation of University networks, systems, or missions.
