

QUICK FACTS

THE UNIVERSITY OF
TEXAS AT
SAN ANTONIO

ROADRUNNER ATHLETICS CENTER OF EXCELLENCE (RACE)

A VISION FOR THE FUTURE

The Roadrunner Athletics Center of Excellence (RACE) captures the essence of The University of Texas at San Antonio, reigniting what it means to be a Roadrunner. Beyond creating a new centralized hub for student-athletes and UTSA Athletics, RACE provides a platform for success that will help student-athletes excel on and off the field.

CONNECTION AND VISIBILITY

- » The Roadrunner Athletics Center of Excellence (RACE) symbolizes a transformative moment for UTSA, creating a new centralized resource for student-athletes to help them achieve athletic and academic success.
- » UTSA Athletics is the front porch of the university and now has a prominent home situated on over 10 acres off the Paseo, UTSA's main artery in the heart of campus.
- » With Athletics administration previously off campus and student support services spread across campus, student-athletes can now easily find and access the resources they need.
- » RACE gives UTSA student-athletes the opportunity to optimize every minute of their day, allowing them to make the most of their time training and studying in the pursuit of excellence.

ELITE ATHLETE TRAINING

- » The facility's efficient design allowed for focus to be placed on the interior, which is extremely spacious to support a state-of-the-art training facility.
- » The nearly 95,000 square-foot facility includes practice fields, locker rooms, a sports medicine center, and strength and conditioning facilities.
- » RACE also offers academic study spaces, staff and coaches offices and meeting rooms.
- » Just as UTSA intends to be an exemplar in academics and research, RACE will have a long-lasting impact on the university's stature as a Division I competitor.
- » This elite training facility will make UTSA more competitive in recruiting and retaining the nation's best student-athletes and coaches.

AUTHENTICALLY SAN ANTONIO

- » RACE's exterior matches the typology of campus, creating a visual tie between this state-of-the-art facility and the history of UTSA.
- » Locally sourced materials ensured the project supported the community and fit in with the rest of campus, while also staying on schedule and on budget.
- » RACE is designed to accommodate future phases of construction, which will allow the facility to further enrich the campus and serve the San Antonio community for years to come.

QUICK FACTS

THE UNIVERSITY OF TEXAS AT SAN ANTONIO **ROADRUNNER ATHLETICS CENTER OF EXCELLENCE (RACE)**
