Cost Estimator

Budget for dental expenses with personalized estimates

The image shows a smartphone displaying the Delta Dental Cost Estimator app. The app interface includes the Delta Dental logo at the top, followed by the title 'Cost estimator'. Below the title is a sub-header 'Estimate the costs of a dental visit' and a descriptive paragraph: 'Looking to budget your dental costs? Get a personalized estimate of how much you're covered for a procedure and how much you might pay out of pocket.' There is a note '* Indicates required information'. Two dropdown menus are present: 'Select a plan member *' and 'Select a procedure *', with 'Filling' selected in the second dropdown. A green button labeled 'Get cost estimate' is at the bottom, with a 'Feedback' link on the right side of the button.

Personalized. Estimates are based on your benefits, including maximums and deductibles.

Insightful. Compare the cost of the same procedure at different dentists.

Economical. See how choosing an in-network dentist can help you save.
